## A trusted source

Leaks and whistleblowers that provided knowledge ahead of events, and facts from an insiders point of view. These are scrutinized as much as resourceful.

### FBIanon

To summarize how FBIAnon's got a reputation as being legitimate, there are a few obvious reasons; (s)he gave a lot of information that seemed to line up, and on top of that, the FBIRecordsVault twitter account[\[1\]](#) releasing the Clinton Investigation document on Nov 1st at 11am [\[2\]](#) after an anon on 4chan says "Nov 1st at 11am the house of cards collapses" and [Wikileaks](#) said phase 3 was hitting on nov 1. Even if that is all a coincidence, an FBI agent still released the Clinton Investigation document on Nov 1st out of the blue. At the least, the source is someone inside the FBI. FOIA requests are supposedly not added to their records vault, indicating that someone inside the FBI was involved in the unofficial leaks.

Analyzing the FBIAnon 4chan Q&A Transcript[\[3\]](#)[\[4\]](#), there is no evidence FBIanon was an actual FBI insider, other parties also were in possession of some (confidential) leaked contents prior to the publication:

Q: Will we really see mass resignations and leaks if nothing happens?  
Or is it all just bluster and hearsay?

A: Foreign powers are in possession of some of the documents we have analyzed, because they were hacked from the Clinton server. Trump has some files as well, and likely plans to leak them and use them to his advantage soon.

The leaks will have to be made in a non-transparent fashion.

Whether it was true or not, it was made clear FBIanon's statements were unauthorized. Either way, there is no accountability behind them, nor for who made them:

Q: [...] Also, can you post any proof that youre legit?

A: [...] I do not want to post any information about me or where I am, because if any hint got out that I posted anything, I would be fired and blacklisted. Possibly killed.

Some of the less important information will be blatantly wrong/incorrect to preserve some anonymity. It was done well ahead of the leak, in turn before H.R. 5790 ("Federal Bureau of Investigation Whistleblower Protection Enhancement Act of 2016") even.<sup>[5]</sup> Evidently, the policy of the 'FBI', that intricately knows of all the corruption, was damage control, to only reveal information on certain suspects so that the entire government does not collapse.

Q2: Fuck you for not doing your duty to the people, you jaded amoral fucks. You've blown what little trust I had left that there were still decent patriots left in the government.

You fuckers are gonna let the biggest, most corrupt cunt take the highest office in the land. You think that won't bring this country down? Fuck you. Fuck you. Fuck you.

A: I will put it to you this way: You have three choices:

A) Turn over all of the information to the DOJ, make public a recommendation, the truth comes out, the entire world realizes how much the US is meddling in foreign affairs, and we go to war. The civilian population realizes how much foreign money influences our government, and a civil war begins.

B) You cherry-pick the data to implicate the people already in the eye of the public opinion, so the chips fall on the heads of a select few and the whole system does not crash.

C) You do nothing and watch the unstable political climate to gauge how you will respond.

I am confident if Trump wins she will be going to jail.

Q: I'm not advocating for truth for truth's sake. Option B is the only acceptable scenario, and it needs to be done so that Trump can sweep in and clear the entire establishment of corruption. That is what you are being given the chance to do. If you fail on this, you doom us to a second Rome.

Everyone already knows and suspects option A. The patriots in the deep state need to hang this shit over Washington's head and force them to do the right thing.

A: We are working on option B.

## Excerpts for Pizzagate

FBIanon Thread #1

>>79480356

02 July 2016

A: I am a person with intimate knowledge of the inner workings of the Clinton case. I will answer as many questions as I can without giving too much away.

Q: Will she be indicted?

A: There is intense pressure for us not to do so. I am posting of near anonymity and enough plausible deniability to evade prosecution, as we have all been given gag orders.

There is enough for her and the entire government to be brought down. People do not realize how enormous this whole situation actually is. Whether she will be or not depends on how much info about others involved gets out, and there are a lot of people involved.

Q: "People do not realize how enormous this whole situation actually is"

Can you elaborate on that?

A: The real point of interest is the Clinton Foundation, not the e-mail server. We received the server from Benghazi, then from the server we found data on the Clinton Foundation. Then we realized the situation is much worse than previously thought.

Q: Would you support me killing her if you fail? I don't trust you, so I am preparing myself to take her out if need be.

A: Killing Hillary would not cause this problem to go away. The problem is with the Clinton Foundation as I mentioned, which you should just imagine as a massive spider web of connections and money laundering implicating hundreds of high-level people. Though I do not have a high opinion of Hillary, she is just a piece - albeit a big piece - of this massive shitstorm.

Q: Do you think the DOJ will protect Hillary like Holder did for Petraeus?

A: The DOJ is most likely looking to save itself. Find everyone involved in the Clinton Foundation, from its donors to its Board of Directors, and imagine they are all implicated.

Q: Will we really see mass resignations and leaks if nothing happens? Or is it all just bluster and hearsay?

A: Foreign powers are in possession of some of the documents we have analyzed, because they were hacked from the Clinton server. Trump has some files as well, and likely plans to leak them and use them to his advantage soon.

The leaks will have to be made in a non-transparent fashion.

Q: I'm aware, but if you recommend to prosecute, she said she would.

If you don't, public trust will be eroded at this point. Too much is out in the open.

A: If we recommend, we literally hand over documentation implying the entire government is involved in treason at the highest levels and everyone is about to duck and cover, as well as some sensitive details of SAPs which would obliterate national security.

Q: What do you think of this, "Sources say that the investigation will conclude shortly" meme?

A: Mainstream media is shit. Who cares what they say. They are attempting to distract by putting the focus on Hillary's emails and not the Foundation.

Q: How do we fix this? and be we i mean you guys lmao

A: We have our hands tied. My message to you and everyone on this board is do not get distracted by Clinton's e-mails. Focus on the Foundation. All of the nightmarish truth is there. The e-mails will pale in comparison.

Q: If this isn't all some fanfiction, then this is a massive bomb that the FBI needs to carefully handle if they choose to recommend to prosecute.

A: Correct.

Q: How deep is Obama involved in all of this?

A: Impeachment-level involved.

Q: Does she kill people?

A: People have a way of dying around her.

Q: I still don't get how snuffing her doesn't end the existential investigation crisis.

A: The problem is with the entire government. Hillary is one component of that government.

Q: Can you tell us more about the SAPs and were the classified information sent via those compromised too? Also is Obama tied to Clinton Foundation in any way?

A: All I can tell you about the SAPs is that Hillary had them, and she did not have proper authority to have any of them. They were leaked to her by someone, and she did sell them to overseas donors. Possessing them alone makes her guilty of treason.

Obama is loosely tied to the Clinton Foundation, but much more tied in with the same people who donate to the Clinton Foundation.

Q: Could the release of this information cause a civil war in the USA? Leak it. Do it. The day of the rope is nigh.

A: Yes.

Q: What can I do?

A: Post about Hillary everywhere you can. Focus on the Clinton Foundation. Do not let her email server be the sole focus of media attention. Follow the Clinton Foundation. Her emails are a small bite compared to the Clinton Foundation.

Q: "Mainstream media is shit. Who cares what they say. They are attempting to distract by putting the focus on Hillary's emails and not the Foundation."

To be honest, assuming it's not all a ruse, this would be a good opportunity for us to fire up our Twitters and start asking some hard

questions about the Clinton Foundation publicly. The more pressure, the better. The last thing I want is for everhting to go back to normal for these people.

A: You should be doing this immediately.

Q: What? /pol/ is liked by the FBI? Elaborate please?

A: /pol/ is an amalgamation of minds from various geographic and demographic factions. We study very intensely the ideas which emanate and gain prominance on this board, as well as which ideas other organizations try to promote which ultimately get defeated (JIDF, for example, is highly unsuccessful as making /pol/ pro-Israel). And most of us just enjoy the posts in general. We like to see how close to the truth everyone is. And we occasionally let our true nature slip.

Q: George Soros involved in this?

A: He is the kingpin.

Q: Any hard evidence Hillary sold weapons and favors from the State Department for cash to our enemies?

A: Weapons, favors, intelligence, and people.

Q: What did the Clinton Foundation do? Please elaborate.

A: Sold influence, intel, favors, and people to anyone willing to pay.

Q: Are the people leading the investigation blackmailed pedophiles?

A: No. The people under the magnifying glass do have an affinity for children.

Q: Do members of Congress own strip clubs and when they visit, have their own sex slaves?

A: Jeffrey Epstein.

Q: "I said in the last thread, total chaos. The government would be exposed at every layer, who pays who, who buys what, and no one has yet asked about the human trafficking bits I have been laying out."

Okay. Do tell. What about the human trafficking? I assume that those who can be indicted are involved.

A: Pedophiles are sex traffickers everywhere. Many politicians trade girls like cattle.

Q: Oh I wanted to ask you if Bill Clinton is a pedophile that blows babies. You know anything about that?

A: Bill Clinton is a confirmed pedophile.

Q: Please, before you sleep, speak a little on the child prostitution ring.

A: Sex rings are popular in all governments, but pedophilia is primary in British parliament and Saudi Arabia, and that's why Hillary and Bill love foreign donors so much. They get paid in children as well as money. Dig deep and you can find it. It will sicken you.

Q: Who has more CP, the FBI or CIA? Is CP a big deal in the highest level of officials in world governments?

A: CIA is huge.
